II

Conditions of service of staff in the Professional and higher categories

A. Base/floor salary scale

Recalling its resolution 44/198, by which it established a floor net salary level for staff in the Professional and higher categories by reference to the corresponding base net salary levels of officials in comparable positions serving at the base city of the comparator civil service (the United States federal civil service),

Approves, with effect from 1 January 2016, as recommended by the Commission in paragraph 35 of its report, the revised base/floor scale of gross and net salaries for staff in the Professional and higher categories, as contained in annex IV to the report;

B. Evolution of the margin and margin management around the desirable midpoint

(referred to as “the margin”),

1. Reaffirms that the range of 110 to 120 for the margin between the net remuneration of officials in the Professional and higher categories of the United Nations in New York and officials in comparable positions in the comparator civil service should continue to apply, on the understanding that the margin would be maintained at a level around the desirable midpoint of 115 over a period of time;

2. Notes that the estimated margin between net remuneration of the United Nations staff in grades P-1 to D-2 in New York and that of officials in comparable positions in the United States federal civil service in Washington, D.C., for the period from 1 January to 31 December 2015 is 117.2 and that its five-year average (2011-2015) also stands at 117.2, which is above the desirable midpoint of 115;

4. Approves the recommendations of the Commission on the margin management methodology as stated in paragraph 302 of its report;
