Dear colleagues,

Following a briefing organized by the [HR Network](#) Co-Chairs and Christian Saunders, Assistant Secretary-General for Supply Chain Management, Department of Operational Support (DOS) last Friday, the staff federations were briefed on the latest information about vaccinations of UN staff.

Following the briefing, where the staff federations provided additional questions with a particular focus on legal issues among others, an [FAQ](#) was issued which we would like to share with you. We do not yet feel it is complete, but it responds to the first questions you may have. The group has asked us to convey any other questions which you may send to us.

In addition, the HR Network issued the next version of the [Administrative Guidelines version 5.0](#). Here we are request the same from you, i.e., should you have any comments, please do convey them to us at: ficsa@un.org

Please note that we have a section on our [website](#) with all COVID-related issues, including the above information.
