Subject: **General Assembly resolutions 74/255A and 74/255B on  
the United Nations common system**

1. At its 52nd plenary meeting of its seventy-fourth session held on 27 December 2019, the United Nations General Assembly adopted, without a vote and without amendment, draft resolutions A/C.5/74/L.3 and A/C.5/74/L.4 under item 142 of its agenda entitled “United Nations Common System”, which became resolution 74/255A and 74/255B, respectively. While the full text of the resolutions is attached to this circular, I would like to draw your attention to some of the Assembly’s decisions and requests emanating from those resolutions.

2. In its resolution 74/255A, the General Assembly reaffirmed the authority of the International Civil Service Commission (ICSC) to continue to establish post adjustment multipliers for duty stations, under Article 11(c) of the Commission’s Statute. In this context, the Assembly expressed its concern over the inconsistencies in the application of the 2016 post adjustment results in Geneva and urged the member organizations of the United Nations common system to cooperate fully with the Commission in line with its Statute to restore consistency and unity of the post adjustment system as a matter of priority and as early as practicable.

#### **Base/floor salary scale**

3. In its resolution 74/255B, the General Assembly approved a 1.21 per cent adjustment of the unified base/floor scale as recommended by the Commission. The updated salary scale effective as of 1 January 2020, together with the revised pay points for previously existing steps is attached to this memorandum. This is a no-loss/no-gain adjustment of the scale. The memorandum announcing the

corresponding new post adjustment multipliers will be sent out, shortly, separately in the middle of January and will be posted on our website.

### **UN/US margin management**

4. The General Assembly reaffirmed its understanding that the margin would be maintained at a level around the desirable midpoint of 115 over a period of time and recalled its decision that the Commission should take appropriate action through the operation of the post adjustment system if the margin trigger levels of 113 or 117 were breached.

### **Hardship allowance**

5. The General Assembly took note of the Commission's decision to increase the hardship allowance by 2 per cent, effective 1 January 2020. The new amounts can be found in Annex VII of the Commission's Annual Report for 2019, but are also attached to this circular, for ease of reference.

### **Mobility incentive**

6. The Assembly took note of the Commission's decision to increase the amounts of the mobility incentive, effective 1 January 2020. The new amounts can be found in paragraph 142 of the ICSC annual report but are also reproduced in the annex to this circular.

7. The Assembly also urged the Commission to conduct a thorough review of the purpose, effectiveness and efficiency of the current mobility incentive programme in encouraging mobility of staff to field duty stations, and to provide a detailed outcome of the review in its annual report for 2021.

### **Performance management**

8. The General Assembly urged the organizations to continue to abide by the principles and guidelines for performance appraisal and management for the recognition of different levels of performances, which the Assembly had approved in its resolution 72/255, and requested the Commission to report on their implementation to the Assembly at its seventy-fifth session.

### **Education grant**

9. The General Assembly decided to defer its consideration of the Commission's recommendation concerning the sliding reimbursement scale and the boarding lump sum under the education grant scheme and requested the Commission to provide a detailed review on these items, taking into account a maximum amount per household, in its next annual report for 2020.

10. I wish all of you a happy, healthy and productive 2020.
