The FICSA Secretariat would like to invite you to an information meeting at its offices in the Villa Le Bocage on the UNOG Campus. We propose the date of Wednesday, 6 November 2019 at 5 p.m.

The topics that we propose are updates on the ICSC review of the post adjustment methodology and its operational rules, as well as its ongoing review of the General Service Salary Survey Methodologies. We will also provide you with an update relative to the pay cut appeals which are under the UNDT or UNAT jurisdiction.

We would be pleased to receive your input to the agenda and your confirmation of attendance.

We look forward to seeing you.

Brett and Evelyn
