We are pleased to announce our new regular online information sessions on topics of interest to our members.

We are planning our first information session on 14 July from 2-3 pm Geneva time on the topic of workplace legal protection. We will send out more information this week.

The sessions will last for 1 hour with a presentation of 20 minutes and ample space for Q&A and discussions. We are also planning real-time impressions and opinions.

It is initially planned to have these sessions on a quarterly basis, however, on demand or matters of urgency, we will have more sessions. All sessions will be recorded, and the recordings will be shared to provide opportunities to all to stay updated in case some of you cannot attend. It is strongly advised to share the information with all committee as well as staff members.

## **Future topics**

We are proposing some future topics, however, would love to have your ideas and needs.
