

Communications toolkit for members (2023) - OneDrive

I'm reaching out to you about an issue that does not relate *directly* to our technical work, but *does* relate to how FAO as an organization empowers us to deliver FAO's mandate for our Members and our stakeholders.

I am writing you as a member of the Association of Professionals in FAO (AP-in-FAO).

AP-in-FAO is a volunteer-based association that engages with FAO management under the terms of an official recognition agreement, advocating on behalf of professional staff and working to safeguard and advance staff interests.

We do this based on our firm conviction that it is the dedication, knowledge, experience, expertise and passion of FAO's professionals that make this a unique institution doing important work on behalf of the global good.

Please take a few minutes to watch this video message our General Secretary Wadzanai Garwe, review the information at the links below, and consider enrolling as a member.
