From: Cosimo Melpignano, General Secretary

Dear colleagues,

Reference is made to [FICSA Communication 05/21](#), whereby we informed the membership about the briefing received by the three Federations on COVID-19 vaccines from the UN administration.

We recently participated in a second meeting on the latest developments related to this important topic. Following the initial set of FAQ and the additional observations raised, we can now share the latest version of the [Frequently Asked Questions on the COVID-19 Vaccines](#). Please note that this is a living document that will be adjusted as needs arise and taking into consideration changing circumstances.

FICSA will continue to raise any concerns you may have related to the roll-out of the UN Vaccination programme for staff during our regular meetings with the UN administration on this topic. Please send your comments or questions to FICSA@un.org. Please note that we have a section on our [website](#) with all COVID-related issues, including the above information.
