12/23

**Geneva

To: FICSA Full Members / Associate / Consultative, FUNSAs

From: Cosimo Melpignano, General Secretary

Dear colleagues,

We are pleased to announce that FICSA and the International Training Centre of the International Labour Organization ([ITCILO](#)) have confirmed their mutual trust by renewing the [Memorandum of Understanding](#) which provides for close cooperation, ensures a renewed interest to achieve common objectives in the areas of training and human resources development, and aims to enhance our members' access to training opportunities.

FICSA's collaboration with the ITCILO, a crucial partner for the Federation, is a significant step towards increasing our member's capacity to deal with future challenges. The MoU ensures that FICSA members will continue to enjoy a 10% discount on educational programs designed to equip participants with the latest skills necessary for working in the international civil service, as well as specialized workshops and seminars.

Through the collaboration with the Training Centre, FICSA members will also gain access to training resources, publications, research material and online learning platforms that will serve as valuable references for their professional growth.

The MOU is applicable to all FICSA Members – and only to staff affiliated to the local Staff Association / Union - and we invite all of you to encourage your members to take full advantage and make the most of this opportunity. Please refer to the [ITCILO](#) website for a list of all available courses.

Thank you and stay tuned for further updates.
