Urgent Request for volunteers to test the Cost-of-Living Survey

To: All members

From: Tanya Quinn-Maguire – FICSA President

Dear colleagues,

Following the request of the FICSA delegation to the meeting of the ICSC Advisory Committee on Post Adjustment Questions (ACPAQ), it has been agreed that prior to launching the revised ICSC pricing and expenditures survey, the Staff Federations will designate staff from various duty stations to test and provide feedback on the draft survey so that their comments on the design of the survey to make sure that questions are clear, concise and understandable.

As such, FICSA would appreciate it if you could nominate a few staff members at P or D level from your respective organizations who would be interested in participating in the testing of the survey and provide their comments to FICSA to ensure that their input is taken into consideration by the ICSC.

We would appreciate having a good representation of staff from Headquarters duty stations as well as from Field duty stations. As you well know, the results of the survey will be used to determine the post-adjustment multiplier which represents a significant proportion of the net income of staff in the Professional and higher categories.

Should you have any questions, please contact the FICSA Secretariat directly: ficsa@un.org

We look forward to receiving your nominations no later than COB, Thursday, 1 April 2021.
