***Save the Date for the 75<sup>th</sup> FICSA Council  
and 70<sup>th</sup> Anniversary of FICSA (1952 – 2022)  
- 31 January to 4 February 2022, Vienna.***

**47/21****Geneva****28 September 2021**

---

To: All members

From: Cosimo Melpignano, General Secretary

---

Dear Colleagues,

We are pleased to confirm that the Staff Association of the International Atomic Energy Agency (IAEA) will host the 75<sup>th</sup> session of the FICSA Council in Vienna, Austria, from **31 January to 4 February 2022**. Please save the date in your calendar!

As per the customary practice, Heads of Delegations and Standing Committee Chairs and Vice-Chairs will have a pre-meeting with the ExCom on the day before, i.e. 30 January. One virtual standing committee pre-meeting session is tentatively scheduled for mid-January 2022 to introduce the topic to participants through informal discussions before heading to council.

We understand that some delegations may have difficulty travelling due to the pandemic, therefore we have arranged for a hybrid session, where delegates who are unable to travel can participate virtually.

We expect to be able to provide you with the full schedule and programme of work of the Council, as well as important dates for the submission of your credentials and nomination of upcoming FICSA officers in the coming weeks.

For planning purposes, please indicate through the link below whether you think it would be possible to travel to the Council in February or if you will be joining virtually:

<https://www.surveymonkey.com/r/pre75thcouncilsurvey>

On behalf of the FICSA Executive Committee, I would like to take this opportunity to wholeheartedly thank the Staff Association of the IAEA and its Administration for the kind invitation and arrangements and very much look forward to the next Council session.
